# F Flower Making

Flowers are always a firm favorite amongst crafters, which is why we're introducing a whole collection focused purely on floral crafting! All the essentials to create realistic paper flowers and bouquets.

The Sizzix Flower Making collection features some hand-picked Sizzix Surfacez™ Crepe Papers in a selection of pink, purple, orange and green tones. Slightly thicker than tissue paper and with a crinkled surface, these Crepe Papers can be stretched and styled using the Fold & Form Tool, to create stunning floral arrangements.

What's more, our designers Olivia Rose and Lisa Jones have designed a beautiful selection of floral-themed Thinlits® die sets, including a Classic Rose, a Fringed Tulip and a Wild Peony, that can be layered together to make some of the most realistic flowers.

# Chapter 3

The next Chapter of 2021 has landed, and it's packed to the rafters with floral, fancy, festive and fun designs, sure to stir up a craving for some creativity! This chapter introduces a bunch of florals, from beautiful blooms and festive favorites, including the Floral Abundance and gorgeous Chrysanthemum Thinlits® die sets along with a delicate Poinsettia 3-D Impresslits™ Embossing folder and an elegant Mini Botanical 3-D Texture Fades™ by Tim Holtz®, both adding that extra dimension to your projects.

Everyday essentials are also a theme, so this chapter includes some contemporary Alphabet Thinlits sets and Bigz™ dies, plus some versatile banners and label shapes perfect for personalizing all of your projects!

With Halloween and the festive season just around the corner, what better time for us to introduce some freakishly great Halloween dies in amongst some magical festive designs. From funky festive shapes to cute Christmassy characters all the way through to classic winter wonderland designs and haunting Halloween dies, this collection is perfect for an abundance of projects, including cards and party and seasonal décor!

To finish Chapter 3 off with a bang, there's a brand-new technology in town! The Switchlits™ Embossing Folder. This exciting new design combines a few technologies into one, giving crafters the ability to interchange Framelits® dies with one of our multi-level Embossing Folders to die-cut a variety of shapes with an embossed design.

# C Christmas Essentials

This collection of festive favorites is made up of our most popular Christmas designs. With shapes that include snowflakes, winter florals, greenery, reindeer and seasonal wishes, these Christmas essentials are perfect for makers of all abilities to create special handmade items at the most wonderful time of the year!

With the versatility of Sizzix® die-cutting technology, there's plenty of inspiration to be found for a variety of seasonal makes. Our steel-rule Bigz™ Dies can cut through multiple layers of paper at once, making it faster than ever to deck the halls with garlands of snowflakes or poinsettias. Cardmakers will appreciate the variety of our wafer-thin Thinlits® collection for making one-of-a-kind Christmas greetings.

From embellished gift boxes and tags, to personalised stockings to hang by the fire, to hand sewn tree ornaments, 'tis the season for Christmas creativity!

# P Patchwork

Our die-cutting machines paired with our fantastic range of patchwork dies are the perfect tool for both beginners and experienced quilters. Our steel-rule Bigz™ Dies can cut through a variety of fabrics, even cutting multiple layers at once so that every cut piece is precisely the right size.

This is especially useful when making quilts and eliminates the complications many people face when piecing together irregular shapes made with a ruler and rotary cutter. Each die comes with a built-in ¼" seam allowance to make piecing even easier. The collection includes an assortment of basic shapes that can be combined to create a variety of popular and traditional quilt block patterns.

The only limit is your imagination!
