F Flower Making

Flowers are always a firm favorite amongst crafters, which is why we're introducing a whole collection focused purely on floral crafting! All the essentials to create realistic paper flowers and bouquets.

The Sizzix Flower Making collection features some hand-picked Sizzix Surfacez™ Crepe Papers in a selection of pink, purple, orange and green tones. Slightly thicker than tissue paper and with a crinkled surface, these Crepe Papers can be stretched and styled using the Fold & Form Tool, to create stunning floral arrangements.

What's more, our designers Olivia Rose and Lisa Jones have designed a beautiful selection of floral-themed Thinlits® die sets, including a Classic Rose, a Fringed Tulip and a Wild Peony, that can be layered together to make some of the most realistic flowers.

2 Chapter 2

AVAILABLE APRIL 2022

The Sizzix Chapter 2 Collection has dropped and its full of some real Summer favorites! That's right! Think all things Birds, Butterflies, floral and nature, plus some geometric, Gatsby-inspired designs. These design inspirations run throughout our Dies and 3-D Embossing Folder collection, which means every single one is perfect for a whole bunch of occasions, including Birthdays, Thank You's and Summer Parties!

Sharing the love and keeping in touch couldn't be more important, and popular Sizzix designer, Pete Hughes has designed a sentiment stamp collection that every crafter needs. With some simple Good Vibes Phrases and some longer Dictionary Definition Stamps, you'll never be a stamp short for adding that perfect finishing touch to your cardmaking and scrapbooking projects.

One thing's for sure, we love a good birthday celebration. This collection has some gorgeous statement pieces including the fabulous Cake Slice Box by Kath Breen – perfect for creating fancy favor boxes or fun gift boxes and the aptly named Build-A-Cake Thinlits® Die Set that's just made for paper crafting the perfect card or birthday party invite!

Featuring Tim Holtz®, his Chapter 2 collection, features plenty of nature and floral favorites including the funky Modern Floristry Thinlits Die Set and Silhouette Birds Thinlits Set. What's more, Tim has some further additions to his Brushstroke Series – the Brushstroke Flowers #4 and Brushstroke Butterflies. The exciting thing about these sets is that you can layer up your projects to add depth by using light and dark cardstock for creating highlights and shadows!

What are you waiting for? Explore this brand new Chapter from Sizzix and get making your next crafting project!
