About

Since 1977, Ellison, and its brands, have paved the way in die-cutting innovation for the consumer market, delivering imaginative solutions for every creative lifestyle. Over the years our company has grown significantly, from two ambitious individuals pioneering die-cutting for the classroom, to a global market leader in die-cutting for the arts and crafts enthusiast through our Sizzix brand.

Established in 2001, the Sizzix family of products has continued to grow and evolve, to support a growing desire from customers to expand their making styles and develop their creative journey. Our catalog boasts a wide range of die-cutting machines, craft tools and accessories supported by an extensive collection of innovative dies, embossing technologies and key making essentials, giving crafters a one stop shop for all their creative needs. Our extensive product stories provide essential dies, tools and accessories for a host of making occasions, which paired with new chapters released throughout the year, provide fresh, on trend designs, giving makers a wealth of creative opportunities.

Together with our talented team of creative designers, licensed artist collaborations, trade partners and influencers, we continue to inspire and influence the ever-growing making community, driving inclusivity through both hands on and digital experiences that captivate all generations.

Whether it be connecting with each other online to share making experiences and learn new techniques, or simply to take inspiration, switch off and embrace the wellbeing benefits getting creative provides, we aim to inspire our communities to express themselves and create lifelong memories together.

Many people still ask us where the name Sizzix comes from. When driving one day along Interstate 15 between Los Angeles and Las Vegas, Robert, one of the co-founders of Ellison, noticed a road called Zzyzzx. The man who named this road had a simple goal: to make the name the very last word in the English language, alphabetically speaking. It stuck with him and it became the inspiration behind the name of our beloved brand, Sizzix. The fact the name sounded like 'scissors', the very tool our founders wanted to provide an alternative for over two decades earlier, was also indeed, a happy coincidence.

The Latest Sizzix Chapters
Sizzix chapters provide newness throughout the year giving brand-new designs to makers to support trend and seasonal making. Take a look through our most recent collections…

Chapter 1 2023 and Tim Holtz® Everyday

Chapter 2 2023

Sizzix Designers

Debi Potter

Debi has been involved in the craft industry for over 25 years, turning her passion for making into a career when she first joined the business as a Creative Designer, creating inspirational projects to promote the Sizzix product range. During her time in the business Debi has applied her creativity to several areas from product design and education to creating award winning trade show displays. Currently Debi is Head of Brand Direction and her passion for enhancing every creative journey with either products, education, inspiration or communication still underpins everything she does!

Jen Long

Jen grew up in Southern California, receiving her BFA from Otis College of Art and Design followed by an MFA in Illustration. Her work is a strong combination of both traditional drawing skills and digital technique. She joined Sizzix as a designer over 10 years ago after getting her start as a Disney character artist on shows such as The Phineas and Ferb Show, Little Einsteins and Mickey Mouse Clubhouse. Currently Jen works as the Head of Global Product Design for Sizzix.

Jennifer Ogborn

Jennifer joined the Sizzix team in February 2018 after completing her university degree in Textiles. She loves creating mood boards, pattern design and researching into the latest trends. She really enjoys seeing her initial ideas and sketches being transformed into dies. Jennifer enjoys transforming traditional quilting techniques into modern makes, always with the latest trends in mind. When she isn't in work she loves to make projects which are mainly inspired by home décor.

Kath Breen

Kath found her way to Sizzix in February 2019 after spending 5 years designing playground equipment for schools and councils across the UK. Kath's passion lies with 3D design and modelling, spending hours both inside and outside of work on 3D software, getting joy from seeing ideas come to life on screen before they go into production. Outside of work, Kath's skills come in handy as she refurbishes her home, ensuring every detail is designed to perfection.

Lisa Jones

Lisa has a foundation degree in Art & Design and a BA degree in Graphic Design from Glyndwr University in North Wales. She has always been passionate about drawing and crafting and loves combining illustration and hand lettering. She is strongly inspired by nature and when she isn't drawing she loves exploring the Welsh countryside and hiking. She started working here in March 2018 and is now the Product Design Manager, and she really enjoys working in the craft industry, especially seeing her designs transformed into dies and other products, and seeing them being used and the finished projects from customers.

Pete Hughes

Pete has been inspiring crafters across the globe for many years. After leaving school, Pete trained as an illustrator, specializing in cartoons and caricatures before working for an educational publishing company who became distributors for Ellison Educational products. Pete has been working with the Sizzix brand since it's launch in 2001 creating inspirational projects to support the ever-growing range of machines, dies and embossing technologies, making essentials, tools and accessories.

Jessica Slack

Jess graduated with a degree in textile design before exploring a career in design and has now been with the business for over 3 years. In between graduating and starting her role at Sizzix, Jess worked as an art and design teacher and spent many years travelling the world. A lot of her design inspiration comes from those past adventures and her love for travel as well as her passion for nature and florals, as Jess's projects often utilise the Sizzix product range to create large floral installations for photoshoots and tradeshows. Currently Jess is a Creative Designer at Sizzix, creating inspirational projects to promote products and educate customers on new techniques and ideas whilst sharing her creative passion for the brand.

Alexis Trimble

Born and raised in Southern California, Alexis began papercrafting at 10 years old. She spent most of her college years working at a local scrapbook store. After earning her B.A. in Sociology at the UCSD, she worked in casting for the television industry. But the creative world beckoned, and Alexis joined the Sizzix team in 2016. As a member of the Sizzix Creative Team, Alexis creates projects for videos, trade events and photoshoots. In addition, she enjoys contributing to the Sizzix product library with die designs. Her design inspirations often include elements from nature, traveling and textiles. When she is not at work, you can often find her traveling or with her head in a book.

Sizzix® Die and Embossing Technologies

Steel-Rule Dies

Creativity can be explored further with our innovative steel-rule Bigz™, which encourage the use of a diverse range of materials. These amazing dies allow you to cut everything from paper and cardstock to chipboard, felt, fabric, balsa wood, magnetic sheets, shrink plastic, leather and much more meaning a wide range of making types can be embraced. Our Scoreboards™ dies also include a crease rule, meaning makers can fold along the perfectly creased line to construct a variety of shapes.

Wafer-Thin Dies

Our Thinlits® and Framelits® dies allow you to cut paper, thin cardstock, sculpting foam, metallic foil and vellum. These versatile dies allow you to embellish a wide range of projects, add intricate detail and build up lifelike elements. Our Sizzix® Thinlits® dies offer something for every occasion and provide fantastic detail for all kinds of papercraft makes, while as the name suggests, Sizzix® Framelits® dies allow you to frame and crop sentiments, photos, stamps and much more.

Embossing Folders

Create a big impression! Our embossing technologies turn ordinary cardstock, paper, metallic foil and vellum into an embossed, textured masterpiece. Our wide range of folder designs make the perfect addition to our range of occasions and making types such as cards, gift tags, scrapbooks and much more.

3-D Textured Impressions® and 3-D Texture Fades™ Embossing Folders take embossing to the next level with incredible layers of depth and dimension while Multi-Level Embossing Folders feature two levels of an embossed design.

Everyday Bigz™

Our Sizzix® Bigz™ Steel-Rule dies give makers the opportunity to explore makes beyond paper with the ability to cut everything from fabric and felt to craft metal, foam, shrink plastic and much more in between. For more Bigz™, take a look at our Kids Craft and Basic Shapes product stories.

Sizzix™ Making Tool
Sizzix™ Intricate Craft Tool Set

Extra Info:
•3 different heads included
•Dual ended allows you to use two attachments at a time
•'Twist & Lock' feature for interchangeable tool heads
•End cap included for when only one end is in use
•Dual ended handle is compatible with the existing Blending Tool Head (662880)
1 Push Tool

Helpful for pushing small items into place for precise application. Can even be used to lift glitter out of their pots.

2 Pick Up Tool

Features a sticky silicone tip for lifting and placing media, such as sequins, beads and die-cut pieces.

Protective cap included with the Pick Up Tool to make the sticky tip last longer. If the tip loses tack/stickiness, simply rinse with water.

3 Adhesive Eraser

Helps with precise and controlled removal of dry adhesive residue from makes for a polished finish.

Everyday Embossing

Create a big impression with our Sizzix® Textured Impressions® Embossing Folders. Our 3-D folders give incredible depth and detail to impress with incredibly striking results. Turn ordinary cardstock, paper, metallic foil, vellum and more into a textured masterpiece – perfect for adding interest to cardmaking, papercraft, scrapbooking and home décor.

"I love working with our Embossing Folders, to add depth and dimension to any papercraft project. With our extensive range of embossing folders (2D, Multi-Level, 3D, Impresslits™) it's possible to achieve a wide range of different effects, my favourite being 3D. Using pieces from our Sizzix Effectz™ range such as our Luster Waxes, you can really make 3D embossing designs pop by highlighting the high points on each design."

Kath Breen

Festive
Essentials

The festive season is peak time for crafting so make sure your stash has all the essentials. From classic shapes such as trees and decorations, to sentiment stamps and perfectly coordinated festive coloured cardstock, patterned papers, glitters and more, we have everything you need no matter what your Christmas style may be.

F
Flower Making

With the popularity of sustainable and reusable faux florals set to continue, we're delighted to support consumers with a product story which supports bringing nature indoors. With a range of popular flower varieties including Roses, Carnations and Peonies, along with a selection of Sizzix Surfacez™ to create with and Sizzix™ tools to make the results even more lifelike, consumers will be able to invest in a cost-effective collection of plastic-free alternatives to the real thing. Whether it be a handmade wedding bouquet, gifting, party décor, immersive installations or seasonal blooms for the home, these long-lasting creations are sure to put a smile on anyone's face.

"Flowers brighten everyone's day and with our flower making dies, tools and Sizzix Surfacez™ you can create florals that last a lifetime! I love being able to create super realistic floral displays using our flower making range, that get everyone's attention and really make an impact for any occasion."

Jessica Slack

30 yd floral Tape
20 x 3/4" (20 x 1.91cm) wooden beads
20 x 5/8" (20 x 1.59cm) wooden beads
20 x 3/8" (20 x 0.95cm) wooden beads
• One stop shop for all flower making accessories.
• Ability to creste various flower sizes from what's included.
• Enhance the dimension of the petals with the Fold & Form Tool (664895 – sold separately).
• *Flower dies sold separately.

Other Product Considerations:
Crepe Paper (664668, 665991), Fold & Form Tool (664895), Floral Thinlits die sets from flower making collection and Express Glue (664576)

How to use the Flower Accessory Making Kit

1

Glue wooden ball to the top of the stem using a hot glue gun.

2

Cover the wooden ball with crepe paper by cutting a small oval of crepe paper, moulding it around the ball and gluing it in place.

3

Sculpt your petals by gently stretching them in the middle to create a cupped shape.

4

Adhere the petals to the base of the wooden ball using a glue gun.

5

Wrap green tape around the stem to provide strength and add any leaves as you go if necessary.

Kids Craft

Crafting with children is a brilliant way to explore creativity while spending valuable quality time together. Creativity goes hand in hand with imagination and for those who enjoy die-cutting, we have a selection of designs which are perfect for crafting with kids all year round, helping them to express themselves and their feelings while improving confidence and concentration. The variety of shapes are perfect for playing and making together, from the versatility of Bigz to cut multiple materials, to the growing range of Thinlits and Framelits featuring basic shapes and more, mean there is plenty of fun to be had exploring creativity.

Die-cutting machines and craft dies must only be used by users aged 14+

"From my first glimpse at die-cutting (over 23 years ago!), kids craft comes quickly to mind! Playing and making together using die-cut pieces is amazing for growing imagination and with the designs we have for all year round along with basic shapes means there is always something fun and creative to be explored!"

Debbie Farinella

Shaker Makes

Add a bit of fun to makes with our Shaker Makes product story, created to offer consumers an extra layer of creativity to cards and gift bags. With various shapes and sizes of both Shaker Domes and Shaker Panes available along with coordinating die sets to cut the apertures, these clear shapes create windows in cards and gift bags to be filled with Sizzix™ Making Essentials such as glitter, sequins and beads, perfect for adding some sparkle and dimension to makes. You can even put two Shaker Domes together to fill and create hanging decorations, opening up more decorative opportunities beyond papercraft.

"Who doesn't love sparkle? Our shaker domes and shaker panes along with coordinating dies, work perfectly with Sizzix sequins, beads and glitters to create beautiful personalized projects for your loved ones."

Jennifer Ogborn
Product Designer

Sizzix™ Shaker Panes

Sizzix Shaker Panes feature different sized flat acetate windows, are heat resistant and includes a self-adhesive strip on the front and back for easy use on your crafting designs. They work perfectly with the coordinating Framelits sets and can be filled with sequins and beads to add a touch of fun to makes.

Sizzix™ Shaker Domes

Sizzix Shaker Domes offer an interactive and dimensional display area to make fun shaker cards, gift bags and tags. Each Shaker Dome has peel-away adhesive to easily apply onto project or to align with another dome. Fill with sequins and beads to impress lucky recipients.

Stencilling & Stamping

With the Sizzix™ Stencil & Stamp Tool, creating beautiful papercraft makes is easier than ever before and ensures consumers get perfect and precise results every time, whether they love to stamp or stencil. The whole product story works together to get the most of our these popular papercraft techniques, including the Sticky Grid Sheets to hold materials in place while creating and universal stencil converters to support other brands stencils. Of course, the creativity is delivered through our collection of detailed, layered stencil designs, plus a collection of sentiment stamps with designs available for a wide range of occasions.

"Stencilling on cards and scrapbook pages quickly became a fast favorite of mine with the Stencil & Stamp Tool. I love that you can create a mini artistic piece in mere minutes. It makes everyone feel like an artist!"

Alexis Trimble
Marketing Content Executive

How to use the Stencil & Stamp Tool

1

Remove the Stencil Adapter from the Base and place the Base on a sturdy surface with the foam backing facing down.

2
Remove the release liner from the Sticky Grid Sheet. Do not discard the release liner, it is best to replace liner before storing.

3

Place the surface/project to be stencilled onto the Sticky Grid Sheet.

4

Position the Stencil Adapter on the hinge, to align vertically and horizontally with the desired surface/project area.

5
Place the first Layered Stencil (marked '1') onto the two pegs at the bottom of the Stencil Adapter.

6
Apply the desired medium to the Stencil to create the first layer.

7
Remove Stencil 1 and replace with Stencil 2. Apply the next layer of medium through the Stencil.

8
Repeat the same process for the remaining Layered Stencils in numerical order.

9
Carefully remove the medium layered surface/project from the Sticky Grid Sheet and replace the release liners on the Sticky Grid Sheet for storage.

Our current 6" x 6" layered stencil collection gives consumers multiple benefits when it comes to their creativity. Not only does the size align with industry standard stencil size and also with the same common paper size meaning no trimming required, the larger designs means consumers can choose which section of a pattern they may want to apply to the front of popular cardmaking sizes of A2 and A6 globally. The square designs allows makers to experiment with tiling techniques and even rotate them to create unique patterns across scrapbooking and home décor projects. The larger working area also allows dedicated space for supporting sentiments to be perfectly positioned without interfering with the stencil design.

Sizzix™ Making Tool Stencil & Stamp Tool

Base
- Non slip foam base for stability
- Edgeless base and lid allows for any sized material to be used

Sticky Grid Sheets
- Holds materials in place while creating
- Grids allow for perfect alignment

Stencil Adapter
- Holds stencils securely in place
- Perfect precision when using layering stencils
- Can be moved around horizontally or vertically to meet design needs

Clear Gridded Stamp Plate
- Transforms tool into stamping press
- Cling stamps easily adhere to stamp plate
- Grids allow for perfect alignment
- Hinged for easy removal from base

Perfect for applying and blending inks while stenciling!

Sizzix Effectz™

The Sizzix Effectz™ range is dedicated to taking your makes to the next level and allows you to create something spectacular through mixed media techniques. Create depth and dimension with our range of pastes, add a splash of colour with creamy matte acrylic paints and bring on the glitz and glam through decorative foil sheets, metallic flakes and luster wax. With Sizzix tools to make getting creative even easier, there's never been a better time to try out something new.

"The range of Sizzix Effectz™ products have really enhanced my handmade creations. I love the depth and texture that can be achieved with the various pastes and primers. What I love the most is that the end result is never the same, by layering anything from coloured acrylic paints to metallic flakes it is possible to develop techniques which are not only unique but individual to you. My favourite product has to be the Multimedia Mat which is a great surface for blending mediums but more importantly keeps my mess contained in one space!"

Debi Potter
Head of Brand Direction

32.70cm x 43.50cm x 0.32cm
The double-sided, self-healing mat provides a smooth, gouge-free surface so you can be confident that every cut is precise. Precision measurement grids are printed on both sides of the mat, providing both imperial and metric measurements, as well as a 0-to-90-degree angle guide that takes all the difficulty out of accurate cutting of paper, fabric, felt, chipboard, mat board and other materials.

1 Distress Head
To create a distressed paper edge, perfect for an elegantly aged appearance.

2 Craft Knife with protective cap
Trim, shape or unpick die cut shapes from your chosen material.

3 Trimmer
Inspiration came from wrapping paper cutters – reduce cardstock sizes with a glide of the trimmer.
Making Essentials

Our making essentials provide just that, the essentials you need to get started with your makes. We offer a wide range of adhesives perfect for a variety of uses, from foam tape, adhesive rollers and express glue to adhesive sheets which make cutting intricate dies and creating stickers easy and mess free. We also have a range of glitter, embossing powders and pens which support makers with adding splashes of color and fine detail to a wide range of makes.

"'Making Essentials'... the clue is in the name! Quality cardstock in a range of glorious colours with matching sequins & beads, glitters, embossing powders, and that's just the start. As a maker, it makes so much sense to have all of the coordinated and complementary products in one place."

Basic Shapes

The ideal starting point for a whole host of makes, basic shapes can often be overlooked but are perfect base pieces for backgrounds, framing, gift tags and much more. We have a range of circles, stars, hearts, tags and more to choose from.

"Our dies are designed with the maker in mind, and we have a fantastic range of shapes that support every creative need and occasion. As a maker, I love our Thinlits® technology. The intricacy, detail and precision that can be achieved never fails to amaze me and makes creating such an exciting and enjoyable experience."

Eileen Hull

Eileen Hull grew up in a large art-loving family. She has applied her creative thinking to all sorts of life and career events – from adjusting to thirteen military moves and raising four children to developing popular craft product lines. In 2009, Sizzix launched her first ScoreBoards™ dies, specially designed to cut and score matboard and thicker materials. Eileen enjoys working with recycled materials and "treasures" from thrift stores, or even better, those found on the curb!

"It is so exciting to see how other creators interpret the dies that I design - there are endless variations, because the die is a blank canvas just waiting for each person to put their mark on and make it their own. I also love my creative community that inspires, supports and encourages me."

Tim Holtz® signature

Tim Holtz® is a signature product designer for various companies in the craft industries, including Sizzix®, Ranger, idea-ology®, Stampers Anonymous, Tonic Studios®, Eclectic Elements®, and Assemblage®. Tim plays an integral part in the development and design of cutting-edge crafting products reflecting his unique vintage style and inspiration for the creative journey.

"I have been a maker most of my life. I enjoy the process of crafting things by hand and the development of innovative products to create with. My love for eclectic vintage has inspired a career designing for Sizzix and other innovative craft brands. This is your creative journey so get out there and explore the artful adventure. What you'll discover is wonderful, what you'll discover will be yourself."

Big Shot™ Switch Plus

Machine Only (Black) Inspired By Tim Holtz®

Take your crafting to the next level with the, stylish black Big Shot™ Switch Plus electric die-cutting machine inspired by designer Tim Holtz®! This innovative, sleek, and modern machine boasts a smooth automated feed with a one touch reverse switch, allowing for a high-quality finish and effortless die-cutting every time! Featuring a 9" (A4) opening with a full width sensor, this versatile machine is compatible with all Sizzix technologies including the popular Bigz™ steel-rule dies as well as accommodating multiple Sizzix cutting pad sizes. With a cool, eye-catching, neat design the Big Shot Switch Plus fits nicely into any space while adding a real wow-factor to any craft room. Housing a small compartment for all your essential Tim Holtz® tools and dies as well as handy integrated handles for secure transportation, this machine really does have it all!

- Automated feed for effortless Die-Cutting
- Illuminated 'One Touch' reverse switch designed for ease of use
- Compatible with all standard size Sizzix Die Cutting & Embossing Technology* (including our popular Bigz dies)!
- 9 inch /A4 Cutting Pads - more cuts with less effort
- Full width sensor - for multiple cutting pad sizes
- Integrated storage & 9 inch/A4 work surface
- Soft opening front door
- Overload detection system
- Integrated carry handle
- Non-slip feet - for safe operation
- Sophisticated retail packaging highlighting key features
- Clear instructions, icons and QR code for inspiration printed on the included platforms
- Inspired by Tim Holtz®

Machines & Accessories

Our selection of die-cutting machines has been designed to cater for every creative need. Available in a range of sizes and capabilities, our family of machines is manufactured to be reliable, with durable, high-quality components that last cut after cut. From 2.5" to 12" opening, and foldable, electric and manual options available, there is a Sizzix® machine for every kind of maker.

"The words quality, reliability and durability are at the heart of why our family of machines are the first choice for makers around the globe for over 20 years. There is a design option to suit everyone... electric or manual, big or small? Whichever you choose, you're always guaranteed first class results. I feel so lucky to have these machines at the centre of my creative universe."

Pete Hughes
Senior Creative Designer

Big Shot™ Switch Plus Starter Kit

663650

Advance your makes with the Big Shot™ Switch Plus electric die-cutting machine!

This innovative, contemporary, and compact machine boasts a smooth automated feed with a one touch reverse switch, allowing for a high-quality finish and effortless die-cutting every time! Featuring a 9" (A4) opening with a full width sensor, this versatile machine is compatible with all Sizzix technologies including the popular Bigz™ steel-rule dies as well as accommodating multiple Sizzix cutting pad sizes. With a stylish, sleek, and neat design the Big Shot™ Switch Plus fits nicely into any space, housing a small compartment for your essential tools as well as integrated handles for secure transportation. Perfect for beginners and experts alike this starter kit also comes with 24 beautifully detailed and timeless Thinlits® dies, 1 3-D Textured Impressions® Embossing Folder as well as essential cutting pads and platform highlighting clear and simple step-by-step instructions for ease of use. It makes this set ideal for a wide range of making types and occasions all year round from seasonal cardmaking to creating dazzling party decorations for special birthdays right out of the box!

- Automated feed for effortless Die-Cutting
- Illuminated 'One Touch' reverse switch designed for ease of use
- Compatible with all standard size Sizzix Die Cutting & Embossing Technology* (including our popular Bigz dies)!
- 9 inch /A4 Cutting Pads - more cuts with less effort
- Full width sensor - for multiple cutting pad sizes
- Integrated storage & 9 inch/A4 work surface
- Soft opening front door
- Overload detection system
- Integrated carry handle
- Non-slip feet - for safe operation
- Exclusive starter kit contents including 24 Thinlits Dies and a 3-D Embossing Folder!
- Sophisticated retail packaging highlighting key features
- Clear instructions, icons and QR code for inspiration printed on the included platforms

*Crease Pad (666190) is required for Bigz with Crease and ScoreBoards™ dies

Tools

Our tools support a wide variety of creative undertakings with essential items that belong in every creative kit, such as the Glue Gun, Mult-Tools and self-healing Cutting Mat. The Paper Sculpting Kit is perfect for flower makers, while a dual-speed Heat Tool provides even more creativity alongside our Shrink Plastic and Embossing Powders. With much more besides, our growing range of tools provide makers with everything they need to express their creativity.

"What I love about Sizzix is the offering of tools and accessories that push the making potential of our core products to embrace versatility and endless creative possibilities. My favorite accessory has to be the Emboss and Transfer Kit that enables Thinlits® designs to be used for embossing, completely expanding a product technology to achieve an entirely new output."

Jen Long
Head of Product Design
